Traveled to \_\_\_\_\_ (cities/states/countries)

Departed S. Fl on \_\_\_\_\_ Returned S. FL on \_\_\_\_\_

Depending on my vaccination status I realize my parish/school/employer may require me to quarantine upon my return for UP TO 7 days, test on day 6 using PCR test (not antigen) and remain quarantined until NEGATIVE PCR test results are received. I understand that the negative test results must be presented to my parish/school/entity once received in order to return to school or work.

I am electing to travel outside of the State of Florida and have received this form prior to my departure in order to understand the requirements of the ADOM.

Employees use vacation or personal time off for required quarantine time.

### **NO QUARANTINE OR TESTING FOR TRAVEL WITHIN FLORIDA.**

**Quarantine is at the discretion of the school or parish for UNVACCINATED PERSONS following Travel outside the State of Florida but within the USA. Unvaccinated persons have a mandatory 7-day + PCR quarantine when returning from INTERNATIONAL TRAVEL. Test results must be provided to the school/parish before return of the student or employee.**

**NO quarantine or testing is required for VACCINATED PERSONS following travel to ANY US destinations.**

**No quarantine is required for VACCINATED PERSONS following travel to international destinations; PCR testing is REQUIRED within 3-5 days after return to the US. Test results must be provided to the school/parish.**
